Directions:

Use this space to write your personal thoughts and reflections on this character. You can write about anything that stood out for you. Here are some questions to get you started.

- What have *you* learned from the character?
- What do you think is the *most important thing* to remember about the character?
- Did this character, or something that happened in the chapter, make you *think of an experience in your own life*?

My thoughts about Kim:

Reading about Kim made me think about my cousin and how when her dad (my uncle) died she was really sad. But it was also weird because she was pretty little and she told me that after a while she couldn't remember much about him. I think she would have felt less sad if she could have done something like what Kim did to remember her dad. Kim helped herself feel more connected to her dad even though she didn't know him.

* BIG IDEA *

Write one big idea that this chapter has left you thinking about. It can be a short sentence or a word or phrase.

You can still be close to people even if they are gone.
