

Guidelines for Choreography & Prosody

Ask yourself the following questions as you create your dance with shape, movement, and vocal choices:

- **What movement and shape choices will help you show the feelings and images in the poem?**
- **Will you say the lines of the poem before or during the dance?**
- **How will you say the lines to communicate the images and feelings and to support your movement choices?**
- **Will you repeat any movements?**
